

PS35

The PS35 Pressure Sealer is ideal for light to medium sized mailings. It is simple to operate and capable of processing up to 3,500 documents an hour. It has many features that our high volume sealers benefit from and is ideal for use in a busy office environment.

Features:

- Variable fold adjustment
- Auto calibration
- Document counter reset
- Drop stack output
- Form size up to 14" deep

Options & Accessories:

- Cabinet with shelving

Benefits:

- Wide range of applications
- Secure data
- Streamlines operations
- Increases productivity
- Cost savings
- Saves time

PS35

pressure SEAL

Forms are printed to your specification with a range of fold options to meet with the bespoke needs of each and every customer.

Pressure Sealing eliminates the need for envelopes. The process folds and seals forms to produce secure, confidential documents that are ready to post. Pressure sealing dramatically improves efficiency and reduces costs, while taking the hassle out of mailings.
